Amendment No: 0

Effective: 21MAY2018	Thru: None	Exp: None	Publish: 21MAY2018	Amendment type: 0
---------------------------------------	-------------------	------------------	-------------------------------------	------------------------------------

1. Rates published in this Tariff are stated in terms of U.S. Currency and apply as listed in item 1a, 1b & 1c , whichever basis yields the greater revenue, except as otherwise specified. Where the word "Weight" or the letter "W" appears next to an article or commodity, weight rates are applicable without regard to measurement. Where the word "Measurement" or the letter "M" appears next to an article or commodity, measurement rates are applicable without regard to weight. All freight rates and other charges shall be based on the actual gross weight and/or overall measurement of each piece or package, except as otherwise provided. Rates indicated by W/M or WM are optional weight or measurement rates and the rate yielding the greater revenue will be charged.
 - a. Rates are applied on a per 50 Lbs. (W) or 1 Cft (M), to/from the following destinations: All Caribbean based ports (CARIBBEANBP) and the following South American based ports (SAMERICABP); ports in French Guiana, Suriname and Guyana
 - b. Rates are applied on a per 500 Kgs. (W) or 1 Cubic Meter (M), To/from all Central America base port group (CAMERICABP) and for U.S. Inland Arbitrary Rule 10.03
 - c. Rates are applied on a per 1,000 Kgs. (W) or 1 Cubic Meter (M), To/from the following base port groups: All World ports and points except as specified in 1a & 1b above.

2. Except as otherwise provided, all "Port" (i.e., Port-to-Port) rates published herein apply from/to places where the common carrier originates or terminates its actual ocean carriage of cargo. Tolls, Wharfage, Cost of Landing, and all other expenses beyond the port terminal area are for account of Owner, Shipper or Consignee of the cargo and all such expenses levied in the first instance against the Carrier will be billed in an equal amount to the Owner, Shipper, or Consignee of the Cargo. Exception: Rates from the United States to foreign countries do not include Destination Delivery Charges as assessed by the VOCC or the port/terminal which shall be for the account of the consignee. The "Point" rates named in this Tariff are applicable from Inland Points which lie beyond port terminal areas. Such rates will be shown as single-factor through rates. Such rates shall be inclusive of all charges pertinent to the transportation of cargo (including intermediate but not Origin or Destination Terminal Charges) but not including Customs clearance assessments or Forwarding Charges, except as provided.

Alternatively, at shipper's request, carrier will arrange for inland transportation as shipper's agent. All associated costs will be for the account of the cargo. Overland carriers will be utilized on an availability of service basis and not restricted to any preferred Carriers, except as Ocean Carrier deems necessary to guarantee safe and efficient movement of said cargo. (See item 16, re: Advanced Charges.) Carrier shall not be obligated to transport the goods in any particular type of container or by any particular Vessel, Train, Motor, Barge or Air Carrier, or in time for any particular market or otherwise than with reasonable dispatch. Selection of Water Carriers, Railways, Motor, Barge or Air Carrier used for all or any portion of the transportation of the goods shall be within the sole discretion of the Ocean Carrier.

3. Packages containing articles of more than one description shall be rated on the basis of the rate provided for the highest rated articles contained therein.
4. Rates as published herein do not include Marine Insurance or Consular fee.
5. Description of commodities shall be uniform on all copies of the Bill of Lading and MUST be in conformity with the validated United States Export Declaration covering the shipment. Carrier must verify the Bill of Lading description with the validated United States Export Declaration. Shipper amendments in the description of the goods will only be accepted if validated by United States Customs.

Trade names are not acceptable commodity descriptions and shippers are required to declare their commodity by its generally accepted generic or common name.

6. Unless otherwise specified, when the rates in this Tariff are based on the value of the commodity, such commodity value will be the F.O.B. or F.A.S. value at the port of loading as indicated on the Commercial Invoice, the Custom Entry, the Import/Export Declaration or the Shipper's Certificate of Origin. The F.O.B. value and the F.A.S. value include all expenses up to delivery at the Loading Port.

7. The rates shown in this Tariff except where predicated on specifically lower values or on an ad valorem basis, are subject to Bill of Lading limit of value.
8. Except as otherwise provided, rates published in this Tariff apply only to the specific commodity named and cannot be applied to analogous articles. Unless a commodity is specifically provided for, the applicable Cargo, N.O.S. rate shall be applied.
9. Wherever rates are provided for articles named herein, the same rate will also be applicable on parts of such articles where so described in the ocean bill of lading, except where specific rates are provided for such parts.
10. **FORCE MAJEURE CLAUSE:** "Without prejudice to any rights or privileges of the Carrier's under covering Bills of Lading, dock receipts, or booking contracts or under applicable provisions of law, in the event of war, hostilities, warlike operations, embargoes, blockades, port congestion, strikes or labor disturbances, regulations of any governmental authority pertaining thereto or any other official interferences with commercial intercourse arising from the above conditions and affecting the Carrier's operations, the Carrier reserves the right to cancel any outstanding booking or contract in conformity with Federal Maritime Commission Regulations. Any additional charges promulgated by ocean carriers or other 3rd parties as a result of such named or similar cause, will be passed along for the account of the cargo at cost as such unforeseen charges may arise.
11. When a commodity can properly be carried under more than one tariff item, but which by its nature is clearly influenced by its end use, the freight shall be assessed based on the rate of the end use commodity, eg: Rubber Gloves, Cotton Gloves, etc. would all be rated under "Gloves, N.O.S." rather than Rubber Goods, Textiles, etc.

The above does not apply in cases where there is a specific tariff rate for the commodity in question, eg: If the tariff contains a rate for Rubber Gloves, then this rate will apply - and NOT the Gloves, N.O.S. rate.

12. When two or more rates may be applicable to a given shipment and one rate is more specific than the others, the most specific rate shall apply. One rate is more specific than another when it describes the commodity being shipped more explicitly, i.e.: Canned Pineapple is more specific than Canned Fruit or Canned Goods, N.O.S. A rate from/to a specific destination is more specific than a rate to/from a geographic range or zone, Examples: A rate from New York, NY is more specific than a rate from Atlantic and Gulf Base Ports (AGBP). A rate to Yokohama, Japan is more specific than a rate to Japan Base Ports (JBP).
13. Any Tollage, Wharfage, Handling and/or other charges assessed against the cargo at Ports of Loading/Discharge will be for the account of the cargo. Any Tollage, Wharfage, Handling and/or Charges at Port of Loading in connection with storage, handling and receipt of cargo before loading on the vessel shall be for the account of the cargo.

Any Additional Charges which may be imposed upon the cargo by Governmental Authorities will be for the account of the cargo.

Rule 02.06 Measurements and Weight**Amendment No: 0**

Effective: 21MAY2018	Thru: None	Exp: None	Publish: 21MAY2018	Amendment type: O
---------------------------------------	-------------------	------------------	-------------------------------------	------------------------------------

Tariff reference to "W" and "M" may signify:

- a. 50 Lbs and 1 cubic foot respectively
- b. 500 kilos and 1 cubic meter respectively
- c. 1,000 kilos and 1 cubic meter respectively

Whenever freight charges are assessed on a W/M "weight or measurement" basis or where rates are provided on both a "W" and "M" basis, the freight charges will be computed on the gross weight or the overall measurement of the pieces or packages, whichever computation produces the greater revenue to the Carrier.

1. All packages will be measured in INCHES and weight in POUNDS.
2. Measurements will be converted to metric where required by destination Country
3. Rounding off- Dimensions
Where parts of inch occur in dimensions, such parts below 0.5 in. are to be ignored, and those of 0.5 in. and over are to be rounded off to the inch above
4. Calculating Cubic Measurements
The three dimensions in inches (rounded off in accordance with (3) are to be multiplied together and divided by the number of cubic inches in 1 cubic foot (1728) to produce the cube of one package or piece in cubic feet to three decimals. In case of a single package the decimals are to be rounded off at the third decimal, i.e., if the third decimal is below 5 the second decimal remains unaltered; if the third decimal is 5 or higher the second decimal is to be adjusted upwards. In the case of multiple packages of like dimensions, the cube on one package to three decimals is to be multiplied by the number of packages and the total cube is then to be rounded off to two decimals under the foregoing procedure.
5. OFFICIAL MEASURERS AND WEIGHERS
The straight loaded shipments of consolidator Cargo, stuffed at Carrier's nominated off dock CY locations, does not require measuring/weighing for purposes of confirming volume/weight of cargo. For such shipments, however, there must be a certificate from an officially appointed Sworn Measurer to confirm the exact location at which the shipment was stuffed into the container.
6. MISDESCRIPTION, UNDERWEIGHTS AND UNDERMEASUREMENT
 - a. The carrier at loading port will assess freight on the shipments on the basis of the gross weights and/or measurements declared or deemed to have been declared by Shippers. Such assessment is subject to the terms and conditions of the carrier's Bill of Lading. Notwithstanding the foregoing, Carrier may arrange at the port/point of destination for the verification of the description, measurement or weights of all such shipments as they, at their sole discretion, may decide and in all such cases the description, measurements or weights so obtained shall be used for determining the correct amount of freight which has to be paid and expense incurred should be for account of cargo.
 - b. If the gross weights and/or measurements declared by the Shippers are less than those ascertained and if the Shippers, by notification to the Carrier, within seven (7) days of the vessels sailing from port of loading or the consignees, by notification to the Carrier prior to the shipment leaving the custody of the Carrier, maintain that the gross weights and/or measurements stated by them are correct, freight shall be assessed provisionally on the controllers' figures and subsequently adjusted, if necessary, after an outturn reweighing and/or re-measuring. If such outturn re-weighing, re-measuring and/or resurveying shows that the gross weights, measurements and/or description were understated and/or miss declared by the Shippers, re-measuring and/or resurveying shall be for the account of the cargo.

Rule 02.07 Overweight Containers**Amendment No: 0**

---------------------------------------	-------------------	------------------	-------------------------------------	------------------------------------

Shipper/Consignee for CY origin shipments shall be jointly severally and absolutely liable for any fine, penalty or other sanction imposed upon carrier, its agent motor/rail carrier by authority for exceeding lawful over-the-weight limitations in connection with any transportation services provided under this tariff and occasioned by any act of commission or omission of the shipper/consignee, its agent or contractors, and without regard to intent, negligence or any other factor. When carrier pays any such fine or penalty and assumes any other cost or burden, arising from such an event, it shall be on behalf of and for benefit of the cargo interest and carrier shall be entitled to full reimbursement therefore upon presentation of an appropriate invoice. Nothing in this rule shall require carrier, its agents or motor/rail carrier to resist, dispute or otherwise oppose the levy of such a fine, penalty or other sanction and carrier shall not have any liability to the cargo interest should it not do so. Any charges incurred in re-handling cargo to comply with maximum weight restrictions will be for account of cargo.

The party responsible (i.e., the shipper or the consignee) for the shipment exceeding any lawful weight limitation shall indemnify and hold the ocean carrier transporting the shipment, its agents and the motor/rail carrier(s), harmless from any and all damages or liability from claims by whomever brought arising in whole or in part from the shipment

exceeding any lawful weight limitation. Such indemnification shall include attorneys' fees and all costs incurred in the defense of such claim(s).

Rule 02.09 Diversion of Cargo (By Shipper or Consignee)

Amendment No: 0

Effective: 21MAY2018	Thru: None	Exp: None	Publish: 21MAY2018	Amendment type: O
--------------------------------	-------------------	------------------	------------------------------	-----------------------------

A request for diversion of a shipment will be considered as an amendment to the contract of carriage and will be subject to the following definitions, conditions and charges:

A. Definition of Diversion:

A change in the original billed destination (which may also include a change in Consignee, order party, or both). A change in Consignee, order party or both will not be considered as diversion of cargo.

B. Conditions:

1. Requests must be received in writing by the carrier prior to the arrival of the vessel at Discharge Port. Carrier will make diligent effort to execute the request but will not be responsible if such service is operationally impractical or cannot be provided.
2. Cargo moving under a non-negotiable Bill of Lading may be diverted at the request of shipper or consignee. Cargo moving under a negotiable Bill of Lading may be diverted by any party surrendering the properly endorsed original Bill of Lading. Cargo moving under a negotiable Bill of Lading may also be diverted by the shipper or consignee at the carrier's sole discretion without receipt by the carrier of the original negotiable Bill of Lading so long as a new negotiable Bill of Lading is not requested or issued by the carrier. If a new negotiable Bill of Lading is requested by the shipper or consignee, the original negotiable Bill of Lading must be surrendered to the carrier prior to issuance of the new negotiable Bill of Lading.
3. This rule will apply to full Bill of Lading quantities or full container loads only.
4. A shipment may only be diverted once. Shipper may request cancellation of the original diversion request, resulting in delivery of the cargo to the original billed destination, provided that such request is received prior to arrival of vessel at Discharge Port, and provided that all diversion charges as set out in C. below, applicable to the original diversion request, are paid in full prior to the cancellation request being accepted by the carrier. In no instance will any refund of the diversion charges be made in the event of a cancellation. Any additional expenses incurred by the carrier will be for the account of the cargo.
5. Cargo, which, upon request of Merchant (stowage permitting), is diverted to a Port of Discharge within the Scope of this Tariff other than that shown in the Bill of Lading, shall be assessed the actual amount of expense incurred by Carrier, or as per carrier tariff at time of shipment, whichever is higher, plus, at the sole discretion of the Carrier, depending on the relevant administrative burdens resulting from the diversion, an administrative fee of up to \$50/BL for cargo received and diversion requested prior to vessel departure, or up to \$300/BL for cargo received and diversion requested post vessel departure, from origin port.
6. Diversion charges or administrative charge are payable by the party requesting the diversion.

C. Charges:

1. A diversion charge of US\$20.00 per revenue ton on the entire shipment plus the actual additional costs

incurred by the carrier to affect the diversion, subject to a minimum charge of US\$100.00 per Bill of Lading.

For cargo rated on a per container basis, or for cargo rated on a per revenue ton basis moving under FCL shipment, the charge will be US\$200.00 per Bill of Lading, subject to a maximum charge of US\$400.00 per container. Where diversion results in additional expenses to the carrier, such additional charges will be for account of the cargo.

2. Diverted shipment will be assessed the rate(s) and/or charges from origin to destination to which diverted in accordance with NRA's or tariffs on file with the FMC.

3. Where different scales of rates are provided for shipments of different weights, apply on each article the rate which would apply on that article if such article were tendered as a straight shipment weighing the same as the aggregate weight of the mixed shipment. Any deficit between the actual weight of the shipment, and the weight provided for the next lower scale of rates, will be charged for at the lowest rate applicable to any article in the shipment.

The minimum weight shall be the highest provided in any of the rates used in computing the charges. In the event a lower charge results by considering such commodities as if they were divided into two or more separate shipments, such lower charge shall apply.

The quantity of cargo shall be expressed in the lowest external packaging unit (e.g., a container containing 10 pallets with 200 cases shall be described as 200 cases). Generic descriptions, including, but not limited to, 'FAK,' 'General Cargo, Cargo, N.O.S.,' 'Chemicals,' 'Foodstuffs,' and terms such as 'Said to Contain' are NOT acceptable descriptions.

C. CERTAIN NON-VESSEL OPERATING COMMON CARRIERS.

Non-vessel operating common carriers ('NVOCCs') that are licensed by or registered with the FMC and that have obtained Customs bonds may submit the required inbound cargo declaration data directly to the U.S. Customs Service in accordance with Customs Service regulations and guidelines. For purposes of this provision, an NVOCC is registered with the FMC if it has been issued an Organization Number by the FMC, has published a valid and effective tariff, and has posted the required financial security with the FMC.

1. Certification. Any NVOCC that submits cargo declaration information directly to the Customs Service shall, unless notified by the Carrier pursuant to subparagraph C(1) above that it is not required to do so, in lieu of the information required to be submitted pursuant to paragraph A of this rule, provide the Carrier, not later than the deadline for shipper submission of cargo information under paragraph B of this rule, with a written certification stating that the required inbound cargo declaration data for its cargo has been transmitted to the U.S. Customs Service in a timely and accurate manner. Such certification shall describe the cargo tendered with sufficient specificity (including container number) that Carrier may readily identify such cargo.
2. NVOCC Co-Loading. For purposes of this paragraph, the term 'Master NVOCC' shall mean the NVOCC that is the customer of the Carrier and tenders co-loaded cargo to the Carrier in its name. In the event the Master NVOCC submits cargo declaration data for co-loaded cargo directly to the Customs Service, it shall do so for all NVOCCs with which it co-loads. In the event the Master NVOCC does not submit cargo declaration data for co-loaded cargo directly to the Customs Service but NVOCCs with which it co-loads transmit cargo declaration data for their cargoes directly to the Customs Service, it shall be the obligation of the Master NVOCC to provide Carrier with the certification described in subparagraph C (1) with respect to all co-loaded cargo tendered to Carrier by the Master NVOCC.
3. All NVOCCs shall be subject to Paragraphs D and E of this rule.

D. FAILURE TO PROVIDE INFORMATION; DENIAL OF PERMISSION TO LOAD CARGO.

1. In the event Carrier fails to provide the required inbound cargo declaration data to the U.S. Customs Service for all cargo to be loaded on its vessel within the time period required by Customs Service regulations it may, among other things, be assessed a civil penalty, denied permission to unload the cargo for which information was not timely provided, and/or denied permission to unload any cargo from the vessel on which the cargo is moving. Accordingly, Carrier may refuse to load any cargo tendered to it for which it has not received either (i) the data required by paragraph A of this rule by the deadline specified pursuant to paragraph B; or (ii) the certification required by paragraph C of this rule by the deadline specified therein.
2. Any and all costs incurred by Carrier with respect to cargo in its possession which is not loaded due to the non-provision of information or certification, or which is not loaded pursuant to the instructions of the U.S. Customs Service (regardless of whether or not the required data or certification has been provided for such cargo), including but not limited to inspection, storage and/or re-delivery costs, shall be for the account of the cargo. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including reasonable attorneys' fees and expenses) incurred in connection with such legal action.

E. INDEMNIFICATION OF CARRIER.

If Carrier is assessed a civil penalty or fine or is denied permission to unload cargo, because of the failure of any and all shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) to provide the

information required by this rule and/or by the regulations or guidelines of the U.S. Customs Service in a complete and accurate manner, then such shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) shall be jointly and severally liable to indemnify and reimburse Carrier for any such penalty or fine and any and all costs, damages or liability, direct, indirect, special or consequential, incurred by the Carrier as a result of the denial of permission to unload cargo or any delays related thereto. A \$500 USD processing fee will also apply. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including attorneys' fees) incurred in connection with such legal action.

F. CONFIDENTIALITY.

Carrier acknowledges that the information required by the Customs Service may constitute confidential information that is not generally available to the public. Carrier, in accordance with the requirements of Section 10(b)(13) of the Shipping Act of 1984, as amended, will keep confidential, to the extent permitted by law, all Shipper bill of lading information, including information related to underlying shippers and commodities in respect of containers of less than container-load cargo containing shipments by more than one Shipper.

G. DOCUMENTATION CHARGES.

See Rule No. 2-28 for AMS charges to apply.

Rule 02.17 FDA Prior Notice				
Amendment No: 0				
Effective: 21MAY2018	Thru: None	Exp: None	Publish: 21MAY2018	Amendment type: 0

A. Prior Notice and Registration Requirements:

Pursuant to regulations effective December 12, 2003 (see 21 C.F.R. Parts 1 and 20), the FDA must be provided with notice of food that is imported or offered for import into the United States (i.e., the continental U.S., Alaska, Hawaii and Puerto Rico) by water at least eight (8) hours prior to vessel arrival. The term "food" means: (i) articles used for food or drink for man or other animals; (ii) chewing gum; and (iii) articles used for components of food or chewing gum (see 21 U.S.C. Sec. 321(f)). However, the term does not include meat products, poultry products, and eggs products that are subject to the exclusive jurisdiction of the U.S. Department of Agriculture. In addition to prior notice of food shipments, the new FDA regulations require that U.S. and foreign facilities which are engaged in the manufacturing, processing, packing, or holding of food for consumption in the United States ("subject facilities") register with the FDA.

B. Responsibility for Prior Notice and Registration:

It shall be the responsibility of the shipper and/or consignee named in Carrier's bill of lading (hereinafter collectively referred to as the "Cargo Interests"), to ensure that prior notice of any shipment of food (as that term is defined in Paragraph A) imported or offered for import into the U.S. is provided to the FDA in accordance with applicable regulations and that any subject facility (other than a subject facility of Carrier) which has manufactured, processed, packed or held such food shipment has registered with the FDA in accordance with applicable regulations.

C. Evidence of Compliance:

With respect to any food shipment for which a prior notice confirmation number ("PN Number") is required to be provided to the Bureau of Customs and Border Protection ("CBP"), FDA, or any other government agency upon arrival, it shall be the responsibility of Cargo Interests to ensure that such PN Number has been provided to the required agencies and other persons prior to vessel arrival. In addition, Cargo Interests shall be required to provide Carrier with the PN Number immediately upon written request of Carrier.

D. Failure to Comply:

1. In the event that any food shipment is delayed or refused entry into the United States due to the failure to provide adequate prior notice or the failure of a subject facility to register with the FDA, it is expected that

notice of refusal will be provided to Carrier by the FDA and/or CBP. Carrier will use best efforts to promptly transmit the notice received from the authorities to the Cargo Interests, who shall be responsible for transmitting such notice to any other persons with an interest in the cargo. Carrier shall not be liable for any delay in the transmission of, or failure to transmit, such notice or any consequences thereof.

2. In the event that any food shipment is delayed or refused entry into the United States due to the failure to provide adequate prior notice or the failure of a subject facility (other than a subject facility of Carrier) to register with the FDA, or if it is determined that cargo which should have been refused entry has been permitted to enter the United States, then the Cargo Interests shall be jointly and severally liable to indemnify, hold harmless, and reimburse Carrier (and by booking a shipment with Carrier do thereby agree to indemnify, hold harmless and reimburse Carrier) for any and all costs, expenses, liabilities, damages, or losses incurred by the Carrier as a result of such non-compliance including, but not limited to, costs of complying with orders and directions of FDA and/or CBP, costs for handling and storing cargo, demurrage, subsequent transport of the cargo by any mode of transportation, and fines and penalties. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, or to defend any action resulting from actions or events covered by this indemnification, Carrier shall be entitled to recover all costs (including attorneys' fees) incurred in connection with such legal action. For purposes of this paragraph, the indemnification provided to Carrier shall also extend to its agents, affiliates, contractors, employees, vessel-sharing partners, slot charterers, vessel owners, and insurers.

5. The goods carried hereunder are subject to all the terms and provisions of the Carrier's applicable Tariff or Tariffs on file with the Federal Maritime Commission, Intrastate Commerce Commission or any other regulatory body which governs a particular portion of this carriage, and the terms and provision of the said Tariff or Tariffs are hereby incorporated herein as part of the terms and Conditions of this Bill of Lading. Copies of the relevant provision of the applicable Tariff or Tariffs are obtainable from the Carrier, Federal Maritime Commission, Interstate Commerce Commission or other regularity body upon request. Whenever any stage of the combined transport is accomplished by any land or air Carrier or any other water Carrier, each such stage shall be controlled according to any law compulsorily applicable to such stage and according to the contracts, rules and tariffs of each participating Carrier, the same as if such contracts, rules and tariffs were fully set forth herein.

8. The Carrier shall be entitled but under no obligation to open any Container at any time and to inspect the contents unless applicable law prohibits same. If it thereupon appears that the contents or any part thereof cannot safely or properly be carried or carried further, either at all or without incurring any additional expense or taking any measures in relation to the Container or its contents or any part thereof, the Carrier may abandon the transportation thereof and/or take any measures and/or incur any reasonable additional expense to carry or to continue the carriage or to store the same ashore or afloat under cover or in the open, at any place, which storage shall be deemed to constitute due delivery under this Bill of Lading. The Merchant shall indemnify the Carrier against any reasonable additional expense so incurred.

9. Carrier may containerize any Goods or packages. Containers may be stowed on deck or under deck and when so stowed shall be deemed for all purposes to be stowed under deck, including for General Average and US Carriage of Goods Sea Act, 1936 and similar legislation.

No Carrier shall be liable for delay and any Carrier shall have the right to forward the goods by substitute Carrier.

13. If at any time the performance of the contract evidenced by this Bill of Lading is or is likely to be affected by any hindrance, risk, delay, difficulty, or disadvantage of whatsoever kind which cannot be avoided by the exercise of reasonable endeavors, the Carrier (whether or not the transport is commenced) may without notice to the Merchant treat the performance of this contract as terminated and place the Goods or any part of them at the Merchant's disposal at any place or port which the Carrier may deem safe and convenient, whereupon

the responsibility of the Carrier in respect of such Goods shall cease. The Carrier shall nevertheless be entitled to full freight and charges on Goods received for transportation and the Merchant shall pay any additional costs of carriage to and delivery and storage at such place or port.

14. If the Carrier makes a special agreement, whether by stamp hereon or otherwise, to deliver the Goods at a specified dock or place, it is mutually agreed that such agreement shall be construed to mean that the Carrier is to make such delivery only if, in the sole judgment of the Carrier, the vessel can get to, be at, and leave said dock or place, always safely afloat, and only if such dock or place is available for immediate receipt of the Goods and that otherwise the Goods shall be discharged as otherwise provided in this Bill of Lading, whereupon all responsibility of Carrier shall

15. The port authorities are hereby authorized to grant a general order for discharging immediately upon arrival of the vessel and the Carrier, without giving notice either of arrival or discharge, may, immediately upon arrival of the vessel and at the designated destination, discharge the goods continuously, Sundays and holidays included, at all such hours by day or by night as the Carrier may determine no matter what the state of the weather or custom of the port may be.

The Carrier shall not be liable in any respect whatsoever if heat or refrigeration or special cooling facilities shall not be furnished during loading or discharge or any part of the time that the Goods are upon the wharf, craft or other loading or discharging place.

Landing and delivery charges and pier dues shall be at the expense of the Goods unless included in the freight herein provided for. If the Goods are not taken away by the consignee by the expiration of the next working day after the Goods are at his disposal, the Goods may, at Carrier's option and subject to Carrier's lien, be sent to store or warehouse or be permitted to lie where landed, but always at the expense and risk of the Goods. The responsibilities of the Carrier in any capacity shall altogether cease and the Goods shall be considered to be delivered and at their own risk and expense in every respect when taken into the custody of Customs or other Authorities, or into that of any municipal or governmental concessionaire or depository. The Carrier shall not be required to give any notification of disposition of the Goods, except as may be otherwise provided in this Bill of Lading.

16. At ports or places where, by local law, authorities, or custom, the Carrier is required to discharge cargo to lighters or other craft, or where it has been so agreed, or where wharves are not available which the ship can get to, lie at, or leave, always safely afloat, or where conditions prevailing at the time render discharge at a wharf dangerous, imprudent, or likely to delay the vessel, the Merchant shall promptly furnish lighters or other craft to take delivery alongside the ship, at the risk and expense of the Goods. If the Merchant fails to provide such lighters or other craft, Carrier, acting solely as agent for the Merchant, may engage such lighters or other craft at the risk and expense of the Goods. Discharge of the Goods into such lighters or other craft shall constitute proper delivery, and any further responsibility of Carrier with respect to the goods shall there-upon terminate.

17. The Carrier shall have liberty to comply with any order or directions or recommendations in connection with the transport under this contract of carriage given by any Government or Authority or anyone acting or purporting to act on behalf of such Government or Authority, or having, under the terms of the mortgage or insurance on the vessel or other transport, the right to give such orders, directions or recommendations. Discharge or delivery of the Goods in accordance with the said order or directions or recommendations shall be deemed a fulfillment of the contract.

Any extra expense incurred in connection with the exercise of the Carrier's liberty under this clause shall be paid by the Merchant in addition to freight and charges.

18. Whenever the Carrier or Master may deem it advisable, or in any case where goods are destined for port(s) or place(s) at which the vessel or participating carriers will not call, the Carrier may, without notice, forward the whole or any part of the shipment, before or after loading at the original port of shipment, or any other place or places even though outside the scope of the voyage or the route to or beyond the port of discharge or the destination of the Goods, by water, by land or by air or by any combination thereof, whether operated by the Carrier or others and whether departing or arriving or scheduled to depart or arrive before or after the ship expected to be used for the transportation of the shipment. The Carrier may delay forwarding awaiting a vessel or conveyance in its own service or with which it has established connections in all cases where the shipment is delivered to another Carrier or to a lighter, Port Authority, warehouseman or other bailee for transshipment, the liability of this Carrier shall absolutely cease when the Goods are out of its exclusive possession and shall not resume until the Goods again come into its exclusive possession, and the responsibility of this Carrier during any such period shall be that of an agent of the Merchant, and this Carrier shall be without any other responsibility whatsoever. The carriage by any transshipping or on-Carrier and all transshipment or forwarding shall be subject to all the terms whatsoever in the regular form of bill of lading, consignment note, contract or other shipping document used at the time by the Carrier performing such transshipment or forwarding.

19. In any situation whatsoever and wheresoever occurring and whether existing or anticipated before commencement of or during the combined transport, which in the judgment of the Carrier or the Master is likely to give rise to risk of capture, seizure, detention, damage, delay or disadvantage of loss to the Carrier of any part of the Goods to make it unsafe, imprudent or unlawful for any reason to receive, keep, load, or carry the goods, or commence or proceed on or continue

the transport or to enter or discharge the goods or disembark passengers at the port of discharge, or the usual or agreed or intended place of discharge or delivery, or to give rise to delay, or difficulty in proceeding by the usual or intended route, the Carrier or the Master may decline to receive, keep, load or carry the Goods or may devan container(s) contents or any part thereof and may require the Merchant to take delivery of Goods at the place of receipt or any other point in the combined transport and upon failure to do so, may Goods. warehouse the Goods at the risk and expense of the Goods, or the vessel, whether or not proceeding toward or entering or attempting to enter a port of discharge, or reaching or attempting to reach a usual place of discharge therein or attempting to discharge the shipment may discharge the Goods and/or devan the contents of any container(s) at another port depot, lighter craft or other place or may forward or transship them as provided in this Bill of Lading, or the Carrier or the Master may retain the of Lading. The Carrier or the Master is not required to give notice of such devanning or of discharge of the Goods or of the forwarding thereof as herein provided. When the Goods are discharged from the ship as herein provided, such shall be at the risk and expense of the Goods. Such discharging shall constitute complete delivery and performance under this contract and the Carrier shall be free from any further responsibility, unless it be shown that any loss or damage to the Goods arose from Carrier's negligence in the discharge and delivery as herein provided, the burden of establishing such negligence being on the Merchant. For any service rendered to the Goods as hereinabove provided or for any delay or expense to the vessel caused as a result thereof, the Carrier shall be entitled to a reasonable extra compensation and shall have a lien on the goods for such carriage. Notice of disposition of the Goods shall be mailed to shipper or consignee named in this Bill of Lading. Goods shut out from the vessel named herein for any cause may be forwarded on a subsequent vessel of this type or at Carrier's option, on a vessel of another type or by other mode of transportation.

20. Notwithstanding the foregoing, the Carrier shall neither be liable therefor, nor concluded as to the correctness of any such marks, descriptions or representations.

Such loss, damage, expense or delay shall constitute a lien on the Goods.

Where a cargo unit is to be unpacked or unloaded by consignee or its agent, consignee or its agent shall promptly unpack or unload such cargo unit and take delivery of its contents, irrespective of whether the Goods are damaged or not. Carrier shall not be liable for loss or damage caused to the Goods by or during such unpacking or unloading.

21. When containers, vans, trailers, transportable tanks, flats, palletized units, and all other packages (all hereinafter referred to generically as "cargo units") are not packed or loaded by Carrier, such cargo units shall be deemed shipped as "Shipper's weight, load and count." Carrier has no reasonable means of checking the quantity, weight, condition or existence of the contents thereof, does not represent the quantity, weight, condition or existence of such contents, as furnished by the shipper and inserted in this Bill of Lading, to be accurate, and shall not be liable for nonreceipt or misdescription of such contents. Carrier shall have no securing and/or stowage of contents of such cargo units, or for loss or damage caused thereby or resulting therefrom, or for the physical suitability or structural adequacy of such cargo units properly to contain their contents.

The shipper, consignee, receiver, holder of this Bill of Lading, owner of the Goods and person entitled to the possession of the Goods jointly and severally agree fully to protect and indemnify Carrier and to hold it harmless in respect to any injury or death of any person, or loss or damage to cargo or cargo unit of any

other property or to the vessel or conveyance or expense or fine arising out of damage to cargo or cargo unit or any other property, or to the vessel or conveyance or expense or fine arising out of or in any way connected with breach of any of the foregoing representations or warranties, howsoever occurring, even without fault of shipper, consignee and/or owner of the Goods, and even though such injury, death, loss or damage is caused in whole or in part by fault of the Carrier or unseaworthiness.

22. The Merchant and the Goods themselves shall be liable for and shall indemnify the Carrier, and the Carrier shall have a lien on the Goods for all expenses of mending, repairing, fumigating, repacking, coopering, baling, reconditioning of the Goods and gathering of loose contents of packages, also for expenses for repairing containers damaged while in the charges. possession of the Merchant for demurrage on containers and any payment, expense, fine, dues, duty, tax, impost, loss, damage or detention sustained or incurred by or levied upon the Carrier, vessel or conveyance in connection with the Goods, howsoever caused, including any action or requirement of any government or governmental authority or person purporting to act under the authority thereof, seizure under legal process or attempted seizure, incorrect or insufficient marking, numbering or respect to each such package or description of the contents, failure of the Merchant to procure consular, Board of Health or other certificates to accompany the Goods or to comply with laws or regulations of any kind imposed with respect to the Goods by the authorities at any port or place or any act or omission of the Merchant. The Carrier's lien shall survive delivery and may be enforced by private or public sale and without notice.

23. Freight shall be payable, at Carrier's option, on actual gross intake weight or measurement or on actual gross discharge weight or measurement or on a value or other basis. Freight may be calculated on the basis Goods or packages as described in this Bill of Lading. of the particulars of the Goods furnished by the shipper herein, but the Carrier may, as previously stated herein, at any time open the packages or containers and examine, weigh, measure and value the Goods (unless applicable law prohibits same). In case shipper's particulars are found to be erroneous and additional freight payable, the Merchant and the Goods shall be liable for any expense incurred for examining, weighing, measuring and valuing the Goods. Full freight shall be paid on damaged or unsound goods. Full freight hereunder to place of delivery named herein and advance charges (including on-Carrier) shall be considered completely earned on receipt of the Goods by the Carrier, whether the freight be stated or intended to be prepaid or to be collected at destination and appear. the Carrier shall be entitled to all freight and charges, extra compensation, demurrage, detention, General Average, claims and any other payments made and liability incurred with respect to the Goods, whether actually paid or not, and to receive and retain them irrevocably under all circumstances whatsoever, vessel, conveyance and/or cargo lost, damaged or otherwise, or the combined transport changed, frustrated or abandoned. In case of forced abandonment or interruption of the combined transport for any cause, any forwarding of the goods or any part thereof shall be at the risk and expense of the Goods. All unpaid charges shall be paid in full, without any offset, counterclaim or deduction in the currency of the place of receipt, or, at Carrier's option, in the currency of the place of delivery at the demand rate of New York exchange as quoted on day of arrival of the Goods at the place of delivery.

The Merchant shall be jointly and severally liable to the Carrier for the payment of all freight charges and the amount due to the Carrier, and for any failure of either or both to perform his or their obligations under the provisions of this Bill of Lading, and they shall indemnify the Carrier against, and hold it harmless from, all liability, loss, damage and expense which the Carrier may sustain or incur arising or resulting from any such failure of performance by the Merchant. Any person, firm or corporation engaged by any party to perform forwarding services with respect to the cargo shall be considered the exclusive agent of the Merchant for all purposes and any payment of freight to such person, firm or corporation shall not be considered payment to the Carrier in any event. Failure of such person, firm or corporation to pay any part of the freight to the Carrier shall be considered a default by the Merchant in the payment of the freight.

The Carrier shall have a lien on the Goods and any documents relating thereto, which shall survive delivery, for all freight charges and damages of any kind whatsoever, and for the costs of recovering same, including expenses incurred in preserving this lien, and may enforce this lien by public or private sale and without notice. The shipper, consignee, receiver, holder of this Bill of Lading, owner of the Goods and person entitled to the possession of the Goods shall be jointly and severally liable to the Carrier for the payment of all freight charges and damages as aforesaid and for the performance of the obligations of each of them hereunder.

24. Carrier shall not be liable for any consequential or special damages and shall have the option of replacing lost Goods or repairing damaged Goods.

25. The weight or quantity of any bulk cargo inserted in this Bill of Lading is the weight or quantity as ascertained by a third party other than the Carrier and Carrier makes no representation with regard to the accuracy thereof. This Bill of Lading shall not be deemed evidence against the Carrier of receipt of goods of the weight or quantity so inserted in the Bill of Lading.

26. Neither the Carrier nor any corporation owned by, subsidiary to or associated or affiliated with the Carrier shall be liable to answer for or make good any loss or damage to the goods occurring at any time and even though before loading on or after discharge from the ship, by reason or by means of any fire whatsoever, unless such fire shall be caused by its design or neglect, or by its actual fault or privity. In any case where this exemption is not permitted by law, Carrier shall not be liable for loss or damage by fire unless shown to have been caused by Carrier's negligence.

27. If the vessel comes into collision with another vessel as a result of the fault or negligence of the other vessel and any act, neglect or default of the Carrier, Master, mariner, pilot or the servants of the Carrier in the navigation or in the management of the vessel, the Merchant will indemnify the Carrier against all loss or liability to the other or non-carrying vessel or her owners insofar as such loss or liability represents loss of, or damage to, or any claim whatsoever of the Merchant, paid or payable by the other or non-carrying vessel or her owners to the Merchant and set-off, recouped or recovered by the other or non-carrying vessel or her owners as part of their claim against the carrying vessel or Carrier.

The foregoing provisions shall also apply where the owners, operators or those in charge of any vessel or vessels or objects other than, or in addition to the colliding vessels or objects are at fault in respect of a collision, contact, stranding or other accident.

This provision is to remain in effect in other jurisdictions even if unenforceable in the Courts of the United States of America.

28. General average shall be adjusted, stated and settled according to York Antwerp Rules 1974, except Rule XII thereof, at such port or place as may be selected by the Carrier and as to matters not provided for by these Rules, according to the laws and usages of New York.

In such adjustment, disbursements in foreign currencies shall be exchanged into United States money at the rate prevailing on the dates made and allowances for damage to cargo claimed in foreign currency shall be converted at the rate prevailing on the last day of discharge at the port or place of final discharge of such damaged cargo from the ship. Average agreement or bond and such additional security as may be required by the Carrier must be furnished before delivery of the goods. Such cash deposit as the Carrier or his agents may deem sufficient as additional security for the contribution of the goods and for any salvage and special charges thereon shall, if required, be made by the Goods, shippers, consignees or owners of the goods to the Carrier before delivery of the Goods. Notwithstanding anything hereinbefore contained, such deposit shall at the option of the Carrier be payable in United States currency and be remitted to the adjuster pending settlement of the General Average and refunds of credit balances, if any, shall be paid in United States currency. In addition to the circumstances dealt with in the 1974 York Antwerp Rules, it is agreed that if the Carrier has used due diligence in the stowage of cargo and if the safe prosecution of the voyage is thereafter imperiled in consequence of the disturbance of stowage, the costs of handling, discharge, reloading and re-stowing cargo shall be allowed in General Average, even though the handling of cargo is not necessary for the purpose of effecting repairs to the vessel.

In the event of accident, danger or disaster, before or after commencement of the voyage resulting from any cause whatsoever, whether due to negligence or not for which or for the consequence of which, the Carrier is not responsible by statute, contract or otherwise, the Goods, the shipper, consignee, receiver, holder of this Bill of Lading, owner of the Goods and person entitled to the possession of the Goods, jointly and severally, shall contribute with the Carrier in General Average to the payment of any sacrifices, losses or expenses of a General Average nature that may be made or incurred and shall pay salvage and special charges incurred in respect of the Goods. If a salving ship is owned or operated by the Carrier, salvage shall be paid for as fully and in the same manner as if such salving ship or ships were owned or operated by strangers. Cargo's contribution in General Average shall be paid to the ship owner even when such average is the result of fault, neglect or error of the Master, pilot, officers or crew. The Merchant expressly renounces any and all codes, statutes, law or regulations which might otherwise apply.

29. In case of any loss or damage to or in connection with Goods exceeding in actual value the equivalent of \$500.00 lawful money of the United States, per packed, or in case of Goods not shipped in packages, per shipping unit, the value of the Goods shall be deemed to be \$500 per package or per shipping unit. The Carrier's liability, if any, shall be determined on the basis of a value of \$500 per package or per shipping unit or pro rata in case of partial loss or damage unless the nature of the Goods and a valuation higher than \$500 per package or per shipping unit shall have been declared by the shipper before shipment and inserted in this Bill of Lading, and extra freight paid if required. In such case, if the actual value of the Goods per package or per shipping unit shall exceed such value and the Carrier's liability, if any, shall not exceed the declared value of any partial loss or damage shall be adjusted pro rata on the basis of such declared value. The words "shipping unit" shall mean each physical unit or piece of cargo not shipped in a package, including articles or things of any description whatsoever, except goods, shipped in bulk, and irrespective of the weight or measurement unit employed in calculating freight charges.

Where containers, vans, trailers, transportable tanks, flats, palletized units and other such packages are not packed by the Carrier, each individual such container, van, trailer, transportable tank, palletized unit and other such package including in each instance its contents, shall be deemed a single package and Carrier's liability, limited to \$500 with respect to each such package.

30. As to loss or damage to the Goods or packages occurring or presumed to have occurred during ocean voyage, unless notice of loss or damage and the general nature of it be given in writing to the Carrier or its agent at the port of delivery before or at the time of the removal of the Goods or packages into the custody of the person entitled to delivery thereof under this Bill of Lading or, if the loss or damage be not apparent, within three consecutive days after delivery at the port of discharge, such removal shall be prima facie evidence of the delivery by the Carrier of the Goods or packages as described in this Bill of Lading.

31. As to loss or damage to the Goods or package occurring or presumed to have occurred during ocean carriage, the Carrier and the vessel shall be discharged from all liability in respect of loss, damage, mis-delivery, delay or in respect of any other breach of this contract and any claim whatsoever with respect to the Goods or packages, unless suit is brought within one year after delivery of the Goods or package or the date when the Goods or package should have been delivered. Suit shall not be deemed brought unless jurisdiction shall have been obtained over the Carrier and/or the vessel by service of process or by an agreement to appear.

32. Gold, silver, specie, bullion or other valuables, including those named or described in Sec. 4281 of the Revised Statutes of the United States, will not be received by the Carrier unless their true character and value are disclosed to the Carrier and a special written agreement therefore has been made in advance, and will not, in any case, be loaded or landed by the Carrier.
